

## How to Change "Country"

1. Click the icon at the top right of the screen and select "Settings".
2. In "Account settings," set "Country" to a country other than the United States and click "Save".

The screenshot shows the 'Account setting' page. On the left is a navigation menu with options: Account setting, Payouts, Saved cards, Notification settings, Ticket purchase history, and Following. The main content area is titled 'Account settings' and includes sections for 'Connected accounts' (with 'Connect Google account' and 'Connect Apple account' buttons), 'Email' (with a masked email address, a 'Verified' status, and a 'Change email' link), and 'Country' (a dropdown menu currently set to 'United States', highlighted with a red border). Below the country dropdown is the 'Time zone' dropdown set to 'New York (GMT-04:00)'. A blue 'Save' button is located at the bottom right of the settings area.

3. A pop-up will appear, so click "Proceed". You will be redirected to the Peatix site for countries other than the United States.
