

16-May

10:00~12:00 SDiMatrix Hands-on Seminar
 14:00~17:00 Regents Meeting
 18:00~20:00 Welcom Party

17-May

Master **Fellow** **New Fellow**

Chairman

8:00-8:15	15	Opening Ceremony, President's Address	
8:20-8:40	20	Ikeda Masato	Japan
8:40-9:00	20	Curtis Westersund	North America
9:00-9:20	20	Ankit Saha	India
9:20-9:40	20	Blum Stanislav	Russia
9:40-9:50	10	Discussion	

Title

How Connective Tissue and Kinetic Chains within the Body Affect Neuromuscular Occlusion
 Is DTR Neuromuscular Dentistry?
 Facial asymmetry, aging and posture changes in neuromuscular concept"

80min

9:50-10:20 30 Break

10:20-10:40	20	Pamela Marzban	North America
10:40-11:00	20	Wolfgang Tatzel	Germany
11:00-11:20	20	Ivan Solop & Davydova Valentina	Russia
11:20-11:40	20	Maria del Carmen Minervini	South America
11:40-12:00	20		Japan
12:00-12:10	10	Discussion	

The Impact of Increased Vertical Dimension of Occlusion on Nasal Inspiratory and Expiratory Resistance and Flow
 The importance of the correct bite for a good posture- The interdisciplinary functional analysis as the basis of generalized neuromuscular reintegration
 A Clinical Case Report of TMD Treatment based on the full mouth rehabilitation after repeated orthodontic treatment. Orthodontic treatment in NM concept
 Laser – NEUROALIGNER Best Friend

100min

12:10-13:10 60 Lunch

13:10-13:50	40	Prabu Raman	North America
13:50-14:10	20	Federico Malagraba	South America
14:10-14:30	20	Shahnoza Usmanova & Elizaveta Tamkovich	Russia
14:30-14:40	10	Discussion	

Can Neuromuscular dental treatment resolve chronic whole-body symptoms with medical diagnoses?
 3D Printing Technology in TMJ NM Splint Manufacturing
 Tongue, posture, bite and whole body balance.

80min

14:40-15:10 30 Break

15:10-15:30	20	MAMMADOV Elnur & Sitara	France
15:30-15:50	20	Somura Nobuyoshi	Japan
15:50-16:10	20	Mac Lee	North America
16:10-16:30	20	Carlos Capmourteres	South America
16:30-16:40	10	Discussion	

DIGITAL WORKFLOW FOR FUNCTIONAL AND AESTHETIC FULL MOUTH REHABILITATION: A CASE REPORT

Conceptual Approach to Neuromuscular Orthotic Therapy for Condylar Decompression
 A Clinical Case Report of a Non-Surgical Resolution of Condylar Neck Fracture under NM concepts

80min

18:00~19:00 Ceremony Rehearsal

19:00~21:00 Convocation Dinner

18-May

8:00-8:40	40	Fabio Savastano	North America
8:40-9:00	20	Kanemitsu Anna	Japan
9:00-9:20	20	Bilgee Jigjid	India(Mongolia)
9:20-9:40	20	Florin Constantinescu	India(Romania)
9:40-9:50	10	Discussion	

100min

Neuromuscular Orthodontics: key features
 Bite registration for rejuvenation and Improved aesthetics
 DO MONGOLIAN CHEEKBONES STILL EXIST?
 The 4D Digital Dentistry Workflow applied in the Neuromuscular Approach

9:50-10:10 20 Break

10:10-10:50	40	RAJ RAV	India
10:50-11:10	20	Ter-Poghosyan Hrant	Armenia
11:10-11:30	20	Momose tamotsu	Japan
11:30-11:50	20	Arzumanyan Mihail	Russia
11:50-12:00	10	Discussion	

100min

THE RIGHT BITE AIRODONTICS© PROTOCOL
 A esthetic and functional aspects of the treatment of congenitally missing upper lateral incisors
 Orthodontic treatment by maintaining the jaw position obtained by orthosis
 Comprehensive aesthetic and functional full mouth rehabilitation using the neuromuscular concept. 10 years of observation

12:00-12:05 5 Presentation by the next host

12:05-13:00 55 Lunch

13:00-13:40	40	Miyoshi Masateru	Japan
13:40-14:00	20	Gauri Bhatia	India
14:00-14:20	20	Tammarie Heit	North America
14:20-14:30	10	Discussion	

80min

Jaw-metry: Triangulating Tmj Positions with EMG
 Improvement of Paediatric Sleep-Disordered Breathing in a Multicenter Clinical Trial of a Non-Permanent Slow Expansion Orthodontic Oral Appliance

14:30-15:00 30 Break

15:00-15:20	20	Jorge A. Caserio	Netherlands
15:20-15:40	20	Ralf - Günther Meiritz	Germany
15:40-16:00	20	Fukamizu Kotaro	Japan
16:00-16:40	40	Myriam Carballo & Patricia Tarquini	South America
16:40-16:50	10	Discussion	

100min

Relationship between Temporomandibular Joint and Sports Performance
 Mandibular adjustment based on neurophysiology
 NEUROALIGNERS – Use of Aligners from a NM Dentistry Perspective

16:50-17:00 Closing Ceremony

18:00- Optional Japanese cuisine tour
